

## **Third Workshop “Earth and Space Sciences in Europe using Balloons”**

**Hyères, 27 May 2011**

### **The Programme Committee**

The programme committee of the workshop has been set-up following the orientations given by the Scientific and Technical Committee” of the CNES/CNRS-INSU agreement for the utilisation of Balloons, chaired by François Vial.

The committee of the workshop is chaired by François Vial, CNRS, and includes :

- Jean-Louis Counil, CNES
- Carole Deniel, CNES
- Françoise Douchin, CNES
- François Dulac, CEA
- Martin Giard, CNRS
- Vincent Guidard, MétéoFrance
- Hermann Oelhaf, Karlsruher Institut für Technologie, D
- Jean-Baptiste Renard, CNRS
- André Vargas, CNES

The members of the Committee will associate additional experts for the preparation of the reports to be presented during the Workshop :

- Balloons for Astrophysics, Solar Physics and Planetology,
- Balloons in the Troposphere,
- Balloons in the Stratosphere.

The programme committee is supported for the organisation by CNES: Marie Anne Clair, Chantal Delabarre, Sylvie Rétif, Didier Vassaux.
